

Withlacoochee Technical Institute On-line GED Preparation Program

Student Agreement

WTI is now offering an on-line GED program. After a few simple steps, you can prepare for your GED on-line from anywhere you can access a computer. From a library or from the comfort of your home the on-line GED preparation program can eliminate many of the barriers to earning your GED High School Equivalency Diploma.

To access the on-line GED I understand that:

1. I must be 18 years of age.
2. I must take the TABE test prior to enrollment and meet the minimum necessary requirements to enter the program.
3. I must meet with a counselor to discuss my scores and all the options available to me regarding the GED and career planning and preparation.
4. I must come to WTI and take the TABE test every six (6) weeks.
5. I must complete at least two (2) modules per week scoring at the 80% level or above. If I do not submit the minimum number of assignments I understand that I may be withdrawn from the online program and advised to seek my GED through a different course.

I understand the above information and agree to abide by the program expectations. I am aware that I will be withdrawn from the program if I do not meet these expectations.
